3D Printing

Printing technology: Fused Deposition Modelling (FDM)
Building volume: Unlimited
Modelling type:
multidimensional accumulation
Filament: Low temperature filament
Printing material: PCL

Mechanics

Chassis: Plastic

Electrical

Operating temperature:
0 º C - 40 º C
Power supply:
USB
Input voltage: 5V
Power: 5W

Dimensions

Extruder diameter:
0.7 mm
Filament diameter:
1.75 mm + 0.02 mm
Product dimensions:
150 mm * 30 mm * 30 mm
Net product weight:
50 g

Features

Colour: Pink, Blue.
Intuitive and safe operation.
LED display.
Multi-colour consumables.
Energy saving. Eco-Friendly.
