

## Print

---

**Printing Technology:** Fused  
deposition modeling F

**Construction dimension:**

200 \* 200 \* 195 mm

**Frame Layer Resolution:** 0.05 mm

**Print speed:** 100mm/s

**Filament:** PLA

**Filament diameter:** 1.75mm

## Electric

---

**Power:** 220W

**Input voltage:**

110V - 240V

50 / 60 HZ

## Dimensions

---

**Printer size:** 351 \* 358 \*  
380 mm

## Software

---

**Software package:** REPETIER-HOST

**Type of file:** OBJ, STL, GCO

**Operating system:** Windows 7,  
Mac OS (It is necessary to configure Repetier-  
Host with MAC. If you need help from the SAT  
CoLiDo request a quote from your usual  
distributor or directly to CoLiDo), Linux.

**Connection:** S S card thernet
